Subject: Extension Request: Assignment 2 - CSE0001 - Harshini Taparia

Dear Professor,

I hope this email finds you well.

I am writing to respectfully request an extension for the submission of **Assignment 2**, which is currently due on 22-03-26. Unfortunately, due to medical emergency, I am finding it difficult to complete the task to the best of my ability by the deadline.

If possible, I would appreciate an extension until 25-03-26. I have already completed a significant portion of the work and am committed to submitting a high-quality assignment.

Thank you for your time and for considering my request.

Best regards,

Harshini Taparia

Subject: Internship Inquiry: Summer 2026 – Harshini Taparia – CSE Core

Dear Hiring Manager,

I am writing to express my strong interest in a summer internship opportunity at Infosys, as I have long admired your work in software development.

I am currently a first-year B. Tech student at VIT Bhopal, specializing in CSE Core. Through my coursework and personal projects such as my recently developed **Air Quality Predictor**, I have built a strong foundation in Python programming and digital collaboration tools. I am eager to apply these skills in a professional environment and contribute to your team.

Attached is my resume and a link to my GitHub portfolio for your review. I would welcome the opportunity to discuss how my background and enthusiasm could benefit Infosys this summer.

Thank you for your time and consideration.

Yours sincerely,

Harshini Taparia

Student, VIT Bhopal
